

Delaware Approved Developmental Screening Instruments for Early Care and Education Updated December 2018

The published developmental screening tools listed below have been approved by the Delaware Department of Education, Office of Early Learning’s *Curriculum and Assessment Approval Committee*, for use by Delaware Stars early learning programs. Each may be used as the basis for meeting the Delaware Stars Essential Standard for developmental screening.

Publishers of a developmental screening tool that is not currently on this list, including published instruments specific to individual early learning programs, may request a review of their tool by contacting the Office of Early Learning at early.learning@doe.k12.de.us.

Previously Approved Developmental Screening Instruments

The Delaware Department of Education, Office of Early Learning recognizes that developmental screening tool developers release new editions to incorporate the most up-to-date research, processes, and standards to support whole child development. For this reason, starting January 1, 2021, early learning programs will need to verify Star level using a developmental screening tool edition on the *Delaware Approved Developmental Screening Instruments for Early Care and Education List (Updated December 2018)*. Editions that are no longer on the approved list will continue to be accepted through December 31, 2020.

The following developmental screening tools have been updated and the editions listed below will not be accepted after December 31, 2020.

Developmental Screening Instrument	Age	Accepted through
Battelle Developmental Inventory Screener Test	12 – 96 months	December 31, 2020
Brigance Early Childhood Screens	birth – 90 months	December 31, 2020
Brigance Early Childhood Screens, 2 nd edition	birth – 90 months	December 31, 2020
Developmental Indicators for the Assessment of Learning, 3 rd Edition and Speed DIAL	3 – 6 years	December 31, 2010
